

Jason B

5th degree martial arts master and fitness instructor

Jason is a 5th Dan martial arts master and full time instructor. He has been training in martial arts since the age of 4 and attained his 1st Dan Black Belt at the tender age of 10, one of the youngest in the country at the time. During his martial arts career, Jason also trained at a competitive level, winning many British, National and Team championships.

Jason is also an avid gym-goer, hitting the weights an average five times a week, and supplementing his martial arts training with other forms of cardio including running and playing football. His main focus now is running the Martial Art World Academy as the chief instructor in Andover – his family run full-time business with over 350 active students. As this is Jason’s own business, he is fully flexible and able to arrange photoshoots around his day-job.

Jason is a firm favorite at RIPPED Models. He is naturally friendly and outgoing, has a lot of patience – and just happens to have an amazing body too! Highly recommended.
