

## Alice B

Fitness and aesthetics model

Our Alice B has an extreme passion for dancing, having worked in the commercial dance industry for over 10 years, featuring on Sky 1's Got To Dance and more. From there, she moved into fitness, qualifying as a personal trainer in 2015. She then decided to tan up and wear heels, competing in fitness and bikini competitions. Not surprisingly, she has done very well and regularly takes home trophies and prizes. We think she looks amazing and we recommend her as a fantastic fitness model.
