

John C

Bodybuilder and muscle model

Our John works as an electrical engineer by day - and puts a spark into the gym at night, preparing for the physique competitions that he enters. He aims to obtain his pro bodybuilding card. He also has his own online personal training business on the side and, with just a hint of being a cheeky chappie, we know he'll make your shoot a fun occasion all round.

Height: 5ft 9"

Weight: 79kg

Waist: 29 inches

Chest: 45 inches
