

Layton H

Sports and fitness model

Our Layton is a young model who we are tipping as one to watch for the future. Although still a teenager, he has a perfectly-toned physique, one which we feel will suit all-round sports-shoots very well indeed. Layton works in his local gym, giving him plenty of opportunity to carry on crafting and honing his physique, so this, combined with his friendly, positive and approachable nature, makes us recommend him highly.
